Masai School, Bengaluru

📇 PROFESSIONAL SUMMARY

A highly motivated Full Stack Developer with a focus on front-end development, specializing in React, JavaScript, and CSS. With 6 months of experience at Cnetric Global Inc, worked on over 10 e-commerce projects, delivering responsive and visually appealing interfaces. Committed to continuous learning, I strive to bring efficiency and innovation to product-driven companies.a

🛍️ WORK EXPERIENCE

Cnetric Global Inc
React Developer
March 2024 - September 2024
Job responsibilities:

- Designed, developed, and maintained web applications using React.js, ensuring high performance and scalability.
- Collaborated with cross-functional teams to translate business requirements into functional user interfaces.
- Implemented responsive designs to ensure compatibility across a range of devices and browsers.

💻 PROJECTS

1. Find My Trip | ⊕ | ⊚
JavaScript | React | Redux | Git | Node.js | Express.js | MongoDB | Responsive Web Design

- Implemented sign-up/login functionality for user authentication, ensuring secure access for users.
- Developed and maintained CRUD operations for managing destinations and user preferences using JavaScript and Redux.
- Collaborated with team members to design and implement e-commerce cart and secure payment pages, ensuring seamless transactions.

2. Quick Buy | ⊕ | ⊚
JavaScript | React | Redux | Git | Node.js | Express.js | MongoDB | Responsive Web Design

- Created a comprehensive e-commerce platform utilizing the MERN Stack, featuring user authentication, product listings, and detailed product pages.
- Implemented shopping cart functionality and a streamlined checkout process, including payment integration for a smooth user experience.
- Designed and developed an admin dashboard for efficient management of products, orders, and users, enhancing back-end operations and oversight.
